- Lost&found

Important dates

- | | |
|-----------------|--|
| Fri. 04-12 | Sinterklaas party; all students finish school at 2.15 pm! |
| Thu. 10-12 | “Group-breaking” creative afternoon: groups 3-5 |
| Fr. 11-12 | “Group-breaking” creative afternoon: groups 6-8 |
| Thu. 17-12 | Christmas brunch |
| Fri. 18-12 | All students finish school at noon (12:00hrs)! |
| Mon. 21-12 till | |
| Fri. 01-01 | Christmas holidays |
| Mon. 04-01 | Study day team; all students free |
| Tues. 05-01 | New Year's coffee / tea for parents (at this moment still uncertain) |
| Fri. 08-01 | Newsletter-6 |

New Students

Welkom!

We can welcome a new student.

In recent weeks Ruben Veerbeek started at Schreuder in group 1A.

We wish Ruben a pleasant and educational time at our school!

Christmas brunch December 17

Although Sinterklaas is still in the country, we would like to inform you that this year, unfortunately, Christmas is not celebrated in the Westerkerk due to the Corona virus.

Instead, we will celebrate Christmas with a school-provided Christmas brunch in the classroomS on Thursday, December 17. For this brunch the children must bring the following with them, no later than Wednesday December 16 and preferably in a (separate) bag: plate, cup and cutlery.

These items will then come home used / unwashed on Thursday.

Would you like to write the name of your child on the items or put a sticker with your child's name on it?

We are also going to do a performance per group, which we record on video. All films will be edited one after the other and played in each group on Thursday December 17. All parents will receive a link by e-mail to see the video.

In addition, we are going to make Christmas cards during a creative moment that we will give to a retirement home. Kind regards, the Christmas committee

'Group breaking' creative afternoons

This year, the creative afternoons will take place on Thursday 10 December and Friday 11 December.

The lower and middle groups can enjoy this on Thursday and on Friday it is the turn of the upper groups.

Throughout the afternoon group workshops take place. That afternoon, the students work together with one teacher on one visual design assignment. Every workshop is different. After these days the whole school will be in a Christmas spirit.

Project 'De Kunstweken'

During THE ART WEEKS every child is a **real artist**.

We participated with our school in a special project visual education: THE KUNSTWEKEN. The aim is to inspire every child at their own level to create a real work of art. We do this by introducing them to world famous artists and their work.

To reinforce that proud feeling, all participating children receive a printed card **of their own work for free**. Completely unique is that they also receive a personal '**museum on the internet**' for which they (with some help from you) can invite family and friends. A museum shop is of course not missing; here you can order nice objects with on them the drawing of your artist. Just like Van Gogh, your own painting on a mug or placemat; isn't that special !?

One famous artist per two classes will play the leading role during THE KUNSTWEKEN. For 1 and 2 this is Piet Mondriaan or Kandinsky, for 3 and 4 Keith Haring or Andy Warhol, for 5 and 6 Van Gogh or Miró and for 7 and 8 Picasso or Matisse. After the children became acquainted with "their" artist, they started with a challenging assignment in the drawing classes.

Guaranteed that your child will also surprise himself and you with beautiful work. We will keep you informed! With creative greetings, Team and children

Class parents and Parent council

Every month, the class parents of each group meet digitally in the parent council. It discusses the activities for the coming period and what help / support is needed from the parents. Almost every group has 2 class parents in the parent council and that is quite unique!

The class parents also discussed a protocol stating which tasks they perform and what role they have. In addition to being an enormous support for the teacher, they are also the ones who show other parents about the school or welcome them when a child is new to the class. They can indicate who you can contact with your question or comment. And we think that is a very important role at school.

We put the entire protocol on the private part of the website, which is only accessible to Schreuder's parents. You can get there via: www.basisschoolschreuder.nl -> over de school -> documenten / Schreudervlog. The password that will be requested can be found in the email.

These are strange times now and many activities have to be organized differently, so that parental assistance is also used differently. In any case, we are very happy with the involvement of the parent council!

Vision / mission Schreuder

Now that Vlinderboom and Instituut Schreuder form one school together, we started to investigate what kind of school we want to be. Where does our (collective) strength lie? How do our parents view the school? What does the team think is important to give to the children? We also look at the schools in our area: what is their vision on education and on children? And how can we distinguish ourselves from these competitors?

It is a super fun and interesting process that we started working on with the entire team. A group of parents (a reflection of the merger) also participated in a digital meeting and thus provided input to clarify the quality of the school.

In the spring we will formulate our vision on education and the mission for our children. A vision and mission that we can all support and want to propagate because it helps our students further in their development.

Kleintje Zuid 'Vrienden en vriendinnendag"

On Monday, November 23 we organized at KleintjeZuid a "friends & girlfriends day". The children were allowed to invite their best friend for an afternoon after-school care at KleintjeZuid! An afternoon full of fun, creative, educational and sports activities. With their own stamp card they could pass the cup cake contest, iron beads, twister and after the hot meal we ended with a cat and mouse game outside. It was a very pleasant afternoon!

Would your child also like to come and play (trial) for an afternoon? Let us know via museumkwartier@kleintjezuid.nl or 020-2091330. Would you like to get more information about KleintjeZuid? Visit our website www.kleintjezuid.nl or follow us on Instagram

After School Activity DRAMA classes

Dear parents and carers of group 5 to 8 students,

After the Christmas holidays in starting week 11 to 15 January 2021, I will give the after-school activity DRAMA on Wednesday afternoon from 12: 45-14: 00 or Friday afternoon 14:45 -16: 00. The cost is € 12.50 per lesson for which you will receive an invoice.

You can register your child on 1 or both days. Depending on the number of registrations, I will be able to decide which day the classes will take place. The maximum number of actors for this 10-lesson module is 14 and takes place in the beautifully spacious gymnasium of Schreuder.

My name is Jennefer Siegrist and I have been a drama teacher at Schreuder for 7 years. Since 2003 I have been working as an actress for television, film, theater and musical. I am a screenwriter and besides theater training and various workshops I also attended the film academy in New York.

My latest appointment is a creative substitute teacher for primary schools. At the same time, I am the mother of James who is already in group 8 and will be entering secondary education next year.

If you have substantive questions about the module or specific questions about the learning needs of your child, you can approach me in the schoolyard for an introduction.

Registration of your child can be done by email: jennefersiegrist@gmail.com

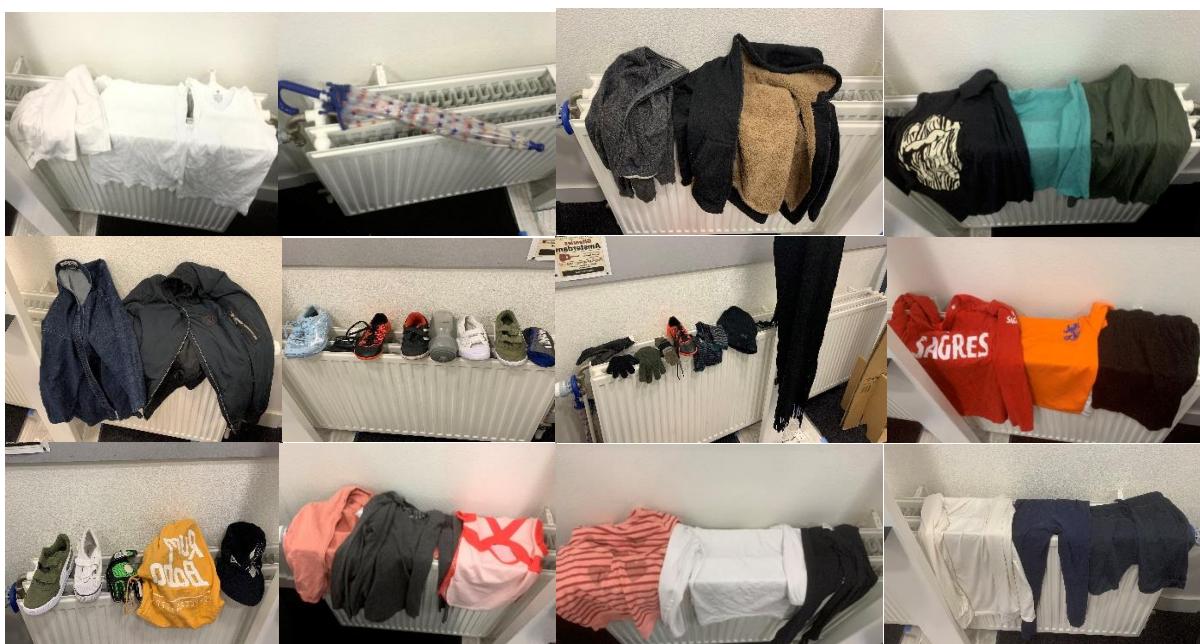

Kind regards, Jennefer Siegrist

Lost and found

We found a number of items of clothing, shoes and other objects! Check if you see something familiar, you can email or call school and we will give it to your child. We will keep the items until December 16!
