Mo. 24-05	Information morning orienting parents
Fri. 28-05	Creative afternoon-1
	2 nd Pentecost day = a day off
	Creative Afternoon-2 & Newsletter- 11

New Students

In the last few weeks one new student started at Schreuder: Rosaline Delena in 6/7U. We wish her a pleasant and educational time at our school!

Sports day

Today was a very successful, sunny sports day, the children really enjoyed it! There were professional teachers to give the following workshops: capoeira, street dance, freerunning, kickboxing and boot camp.

Ramadan – Sugar Feast

From April 13 to May 12 it is Ramadan for Muslim families. A number of students from Miss Melissa's group gave a short presentation in each group last Monday, about what Ramadan actually is. The students were able to ask questions in order to get the conversation going about this month of fasting. It is very nice to see that many students already know something, but not everything about Ramadan. The Sugar Feast is on Thursday 13 May, on Ascension Day. In consultation it was decided to hand out a small treat from school for all students on Monday 17 May, to reflect on the Sugar Feast.

Survey parental satisfaction with school

At the end of March you received an email about completing our parent satisfaction survey. We are very curious how you experience the school: what do you think is going well? What can be done better? More than 30 parents have already submitted their opinion: thank you very much for that!

You can still complete the questionnaire until May 7 via this link: <https://forms.gle/yfZLWVJgvpypaLazQ9>

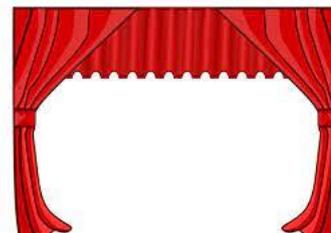

Missing school library books

Many students were allowed to take their school library books home during the January lockdown. The library teacher, Miss Hadewych, is still missing a lot of school library books !!! Would you like to ask your son / daughter to take the school library books back to school after the May holidays? You can recognize them by the Schreuder stamp on the inside of the cover. Miss Hadewych would be very happy receiving them back (and the school too!).

Schreuder theatre 19 May

Yesssssss, Wednesday 19 May there is finally a **Schreuder theatre again!**

At the Schreuder theatre, the children show what they are doing in their group. This can be shown through a presentation, a dance, a song, a play, animation, etc. Before corona we did this live in the hall of the school, with the parents present. However, you will now receive a link that day, which you can click to view the presentation of your son or daughter's class.

Creative afternoons 21 & 28 May

All students are looking forward to it: the creative afternoons at school.

On Friday 21 May and Friday 28 May the time has finally come: all afternoon the children can express their creativity in a way other than language, arithmetic and spelling.

On these two afternoons, the students work in their own classroom under the guidance of their own teacher on assignments Visual Education. Unfortunately, because the school has to follow Corona measures of the RIVM, it is not possible to work in mixed groups.

Theme of the assignments that afternoon is: "Air", in the broadest sense of the word. Each group does something different. It's possible for one group to make rockets that are fired at the moon and another group to make beautiful butterflies. It is a surprise for everyone and a lot of fun for our children.

Opening block 5 Peaceful School

On Tuesday, April 13, group 1 / 2B and group 5 opened the new block of De Vreedzame School in a playful way by standing in the schoolyard, dressed as Bob de Bouwers, singing and building together. The focus on student participation in block 5 is in line with De Vreedzame School's ambition to increase the responsibility of children for the social climate in the classroom and the school in general. Not only in the field of conflict resolution. By giving children tasks and responsibilities, we work to promote a sense of community. We do this in the first place because creating a connection with the community prevents many problems. Children (and people in general) need to feel that it matters that they are there, that they matter. And secondly, because in De Vreedzame School we do not see education merely as a preparation for participation in society, but we see the classroom and the school as a 'society' in themselves. The classroom and school are ideally suited as a place to practice, in which students gain meaningful experiences that help them acquire skills and attitudes appropriate to active and engaged democratic citizenship!

Avond-4-daagse (4 evenings' walk)

Unfortunately the Avond-4-daagse was canceled again this year. But don't worry, we can also make something beautiful out of it ourselves. You can start the Avond4daagse - Home Edition between March 29 and June 30, everyone can walk his or her own Avond4daagse with the [eRoutes app](https://www.eRoutes.nl). You choose on which 4 days you want to walk and where you walk, you will receive the medal at home after registration. Or you can organize with a small group the routes and an award ceremony. For more information: <https://www.avond4daagse.nl/deelnemers/avond4daagse-home-edition>

Parental survey about exercise app

Dear parents,

My name is Luciano and I am the substitute gym teacher at Basisschool Schreuder. In addition to my position as a teacher, I also focused on a sports app for children in the field of sports and exercise.

During the May holidays I can get around the table with the NOC-NSF to pitch my idea; for this I would like some more information to clarify the interest of my idea. Would you be so kind as to fill in my (3 to 4 minute) survey? Thank you in advance!

[Vul hier mijn enquête van de Multisportpas in](#)

Latest news

Just before the May holidays, I would like to inform you about some latest news.

- After the May holidays, Miss Roos will start working at uniQ again. She is returning from maternity leave and will work for 2 days as support in 4/5U and general support for uniQ.
- Master Bram will also start building up his gym lessons at Schreuder after the May holidays. He starts on Tuesdays and Fridays. Master Luciano takes care of the other gym lessons.
- Last week, the GGD was at school, they gave us great compliments about the way in which the corona measures are handled. Schreuder is one of the schools where -fortunately- the infection rate appears to be low. The GGD already conducted an investigation in March into which measures we use at school and they have therefore been found to be effective. So it remains very important to stick to the measures and agreements: wash hands, do not mix groups and if teacher or student has cold complaints: stay at home and test if possible. We hold on. You too?

Lost & found

In the last few weeks we have found some clothes and other items. Do you recognize a lost item of your child?

Please send an email with the description / name & group of your child to:

administratie.schreuder@amosonderwijs.nl , no later than May 12. We will give the item to your child.

On May 19, we will bring the found objects to charity.

Outdoor sports program Amsterdam Zuid, spring 2021

For all children from 4 to 14 years old, various sports activities have been organized this spring in Amsterdam Zuid. Participation in the activities is free! You do not need to register in advance for street sports and events. Limited places are available for urban sports, to participate always register online in advance. A flyer with an overview of all activities can be found in the attachment.

Kleintje Zuid

How nice, we are open again! It has taken far too long, but we are so happy to be able to receive everyone safely and responsibly at KleintjeZuid again. We have missed our children very much!

We will ensure that we resume the normal rhythm and after a busy school day the children can play, enjoy, learn and develop with friends at KleintjeZuid.

The May holiday is also coming and there will be a creative and challenging holiday program for the children. The theme will be anything to do with spring. Think of treasure hunts,

picnics, insects, taking care of a new life in the group, making vegetable gardens, a fun workshop but of course also going outside!

Are you not in after-school care with us but would you like to come and play during the holidays?

You are most welcome! Would you like more information about this? What are we all going to do and what are the costs? Send a mail to museumkwartier@kleintjezuid.nl.

We look forward to seeing you!

Kind regards, The KleintjeZuid team
