

# Newsletter 1

August 20, 2021

Schreuder is a versatile primary school in Amsterdam South, successful in providing good education by connecting children, knowledge and worlds

## In this Newsletter

- First school day on Monday 23 August
- Staff changes
- Corona measures
- Gym and break times schedule
- Healthy food and drinks
- Holiday schedule 2021-2022

## First school day

We are going to start again on Monday and we are really looking forward to it!

All teachers have furnished the classrooms super sleek again. There has also been some renovation in the school building. The outside has been painted, the staircase has been given a new coat of paint and we have received beautiful iron slats for the windows of the hall. Very useful in sunny weather.

On Monday, all students are expected on the square in front of the school at 8.35 am. Then all the teachers and masters come out.

Boxes are drawn on the square. There is a section for each group. The children gather in a row in their group's section. The parents are asked to wait along the facade on the other side of the street (behind the wide red border in the street work) or behind the playground equipment.

We open the school year on the square with all groups and all parents with the Peaceful School, because....We belong together!

After the opening of the school year, the groups will enter under the guidance of the teacher.

Unfortunately, it is still not possible to enter the school with your child, because of the narrow corridors.

Keeping a distance of 1,5 meters between adults is still an agreement in force.

**Please note:** from Monday all groups will enter at 8.40 am to start the lesson at 8.45 am. All groups will not go out until 2.45 pm (on Wednesday 12.45 pm). So we no longer work in cohorts, but keep one start and one end time. Only kindergarten groups 1 and 2 will go outside 5 minutes earlier to avoid the crowds of the older children. Of course, the toddlers stay with their teachers until they are picked up.

## Staff changes

Below you can see the division of the groups and the teachers. Before the summer holidays, the children have already had some time to get used to the teacher, the group and the classroom.

Groep	Monday	Tuesday	Wednesday	Thursday	Friday
1	Ymke	Arfa	Arfa	Arfa	Arfa
2	Olga	Olga	Mirjam	Olga	Olga
3	Jacobien	Mirjam	Jacobien	Jacobien	Jacobien
4	Floor	Floor	Floor	Floor	Floor
5	Bettina	Ymke	Ymke	Ymke	Ymke
6	Melissa	Melissa	Melissa	Melissa	Melissa
7	Ellen	Ellen	Loek	Ellen	Loek
8	Nancy	Bettina	Bettina	Nancy	Nancy
4/5U	Nynke	Nynke	Nynke	Nynke	Nynke
6/7U	Pieter Jan				
7/8U	Anna	Anna	Anna	Anna	Anna

Besides the group teachers, there is also support staff working at Schreuder.

Below you will find the names, the position and their working days at Schreuder.

Rebecca Verdellen- internal supervisor	Monday-Tuesday-Wednesday
Ria van Gerven- internal supervisor uniQ	Monday-Friday
Roos Schouw- supporter UniQ	Friday
Cristina Nijhoff- plusgroup and Socrates	Tuesday-Friday
Yvonne Verhage-administrative assistant	Monday-Tuesday-Wednesday-Friday
Stef Jacobs- concierge	Wednesday

For physical education we had to say goodbye to Bram Hemelrijk. Fortunately, we have been able to attract a new enthusiastic physical education teacher: Danny Bast. He will introduce himself to you in a future Newsletter. Loek Seegers is also a new face within Schreuder. He will be working in group 7 on Wednesday and Friday, as a duo of teacher Ellen. We wish Danny and Loek a very nice start at Schreuder!

Unfortunately, teacher Evelyn (last year group 5) is not doing so well because of Long Covid complaints. She will not be at school for the time being. We will continue to keep in touch with her and wish her all the best.

### *Personal note from Femmie!*

After working as a director at primary school (Institute) Schreuder for 7 years, I am leaving Amsterdam and therefore also Schreuder. No later than October 1st, I will start as a director at the Keizerschool primary school in Moerkapelle. I leave Schreuder with warm feelings for the school, the team, the children and the parents, but also with the feeling that it is so good. I am really looking forward to the challenge that awaits me in Moerkapelle.

The board of AMOS will further inform you about the way in which the management will be structured after my departure.

I thank you for the trust, the nice and sincere conversations, warmth and support that I have received from many of you over the years.

## Corona measures

As you have been able to read above, it is not yet possible to let parents enter the school building. It is still important that we can keep 1,5 meters away as adults and that is very difficult in a full school with narrow corridors. Individually, parents can of course enter the school building after school hours, if there is an appointment with the teacher. A mouth cap is not necessary, but disinfecting hands down in the hallway is.

## Schedules: gym and break times

Master Danny will provide gym lessons to groups 3 to 8 on Tuesday and Friday.

Groups 1 and 2 will receive gym lessons from teacher Olga on Monday and Wednesday.

The TSO times for lunch are as follows:

12.00-12.30 Groups 1, 2, 3, 4, 5, 6

12.30-13.00 Groups 4/5U, 6/7U, 7, 7/8U, 8

The TSO will be supervised by teacher Lucia Westerlink, TSO coordinator.

## Healthy food and drink

We think it is important that there is healthy food and drink at school during breaks, lunch, outings and during treats. Both brought and offered food and drinks. At school the students learn about healthy behavior and during eating moments they can put this into practice. This is how theory and practice meet.

### Small break

The children eat healthy during the breaks. At the small break at 10AM the children eat:

- fresh fruit and/or vegetables,
- nuts (without additives),
- dried fruit,
- yogurt without sugar.

The children drink water, tea (without sugar) or semi-skimmed milk, buttermilk, rice milk/soy milk without additives, from a cup they bring with them.

The children do NOT eat cookies, candy or chips.

On Wednesday the children have a long morning at school and before they are home for lunch it is quite a long sitting. They can bring fruit on Wednesday, and eat it first, then they can eat a sandwich, or a cracker/rice cake.

### Lunch

By eating enough lunch, children are able to concentrate well in the afternoon. The contents of the lunch box also determine the performance during the afternoon classes.

A healthy lunch box contains:

- bread (preferably whole wheat),
- raw vegetables and/or fruit.
- crackers, rice cakes with healthy toppings or natural.

The children drink tea, water or semi-skimmed milk, buttermilk, rice milk, soy milk without additives. No cookies, candy or chips. A well-fitting bread bin keeps the bread tasty for longer and prevents it from drying out. We leave the siege to the parents.

When our policy is not complied with, the food/drinks taken will be returned in the bag with a reminder note. The teacher addresses the parent about this. The child gets a cracker at school for the first time, we hope it will not happen again after that. If it happens more often, we invite the parent for a meeting with the management if necessary.

### Birthday of the children

Often a child has been looking forward to his/her birthday for months and for him/her it is the highlight of the year. However, primary school Schreuder believes that the birthday person is central and not the treat. The ritual of the birthday takes care of the party, such as singing songs, the fake cake, the crown and going around the classes (during the corona measures, the birthday is only celebrated in one's own group). At Schreuder, this is more important than the treat itself.

We keep the treats healthy and small. It's nice if it can be eaten right away.

The teachers like to set a good example, do you want to give something healthy for the teachers too or the same as for the children?

Consult with the teacher in advance about what your child would like to treat and on which day. Need inspiration? At school you can ask for a treat info sheet or look at [www.gezondtrakteren.nl](http://www.gezondtrakteren.nl).

### Holiday schedule 2021-2022

Below is an overview of the holidays, days off and study days for this school year. You can also find these days and other activities in the Parnassys parent portal.

Herfstvakantie	18 oktober t/m 24 oktober 2021
