Important dates

Fr. 03-12	Sinterklaas visits Schreuder, children are free at 13.45h!
Tue. 14, Th.16, & Mon 20-12	Health research 10-year olds GGD, parents receive info from the GGD
Fr. 17-12	Newsletter 5
Th. 23-12	Christmas Celebration & last schoolday before the Christmas holidays

Sinterklaas 3 December

Sinterklaas is back in the country! And that is why Sinterklaas and his Pieten will visit Schreuder primary school on December 3rd. Sinterklaas and his Pieten will visit groups 1 to 4 and 4/5U. Due to the corona measures we will not wait for the Sint's arrival in front of the school, like we usually do.
On this day, the groups 1 to 4 and 4/5U have Pietengym. The other groups give each other "surprises" the same day. At 12 noon Sinterklaas and his Pieten will leave Schreuder and continue through the Netherlands.

Please note: all students are out that day at 1.45 pm!

Absences

We request that you report absences of your child by telephone between 8.00-8.30 am: tel. 020-6795827. If the phone is not answered, you can leave a voicemail message. If you prefer to email, please send this to administratie.schreuder@amosonderwijs.nl with your child's teacher in the cc.
Parents of unIQ students can also use Parro for absent notifications.

Christmas celebration

In previous years we celebrated Christmas in the Westerkerk with the whole school. Due to the rising corona figures and the measures, that did not seem sensible to us. Instead, the December 23 celebration will take place at school during school time. Each group will enjoy brunch in the classroom. The brunch will be provided by the Christmas Committee in collaboration with the Parents' Council.

In the week before Christmas, each class also prepares a play, song or poem. This is performed in the classrooms, the teacher films this. One big Christmas movie will be made from all the films, which we will watch in class on December 23. You will receive the video of your child's class from the group teacher.

School Newspaper

Good news! A school newspaper is published in December, which has been compiled by students of the school.
Some children from the school have been given an enrichment assignment to put together an editorial team and to put together a school newspaper. They will introduce themselves in the physical newspaper.

Block 3 Peaceful School/Vreedzame School

This week we opened block 3 of the Peaceful School: **We listen to each other**

In this block we encourage the children to listen well to each other. The lessons are about communication, about 'talking with the other' instead of 'talking to the other'. Good communication skills are very important in conflict resolution.
The children learn what good and bad listening is. In pairs, the children practice listening to each other. One tells, the other listens. Good listening can be seen in eye contact, nodding, active posture and repeating what the other person said.
The children learn to put themselves in someone else's shoes. They learn that it is important to listen carefully to each other and to say clearly what you mean.

We hebben oor voor elkaar

This prevents misunderstandings and conflicts from arising. They learn to ask questions and summarize. This shows that you have understood the other person well.
We discuss with the children that people can look at the same things in different ways. We then speak of having different 'points of view'. We sometimes look at the same things differently because we have different experiences and feelings and because we come from different families.
In this way we teach the children to deal with differences of opinion.
In the groups 6 to 8 the children learn to argue and debate. This involves defending a statement, for example 'children must go to bed on time' or 'someone who bullies must be severely punished '.
In group 8, the children learn about cyberbullying and what they can do. In short, dealing critically with information and communicating with respect via 'social media'. They also learn the differences in communicating via social media and face-to-face.

Lost and Found

Here are the lost and found items up to and including 24 November . Do you recognize anything of your child? Please send an email with description/name & group of your child to administratie.schreuder@amosonderwijs.nl no later than 8 December. We will give the object to your child. On December 15, we will donate the found objects to charity.

MINECRAFT
TNT

SMASH

KDV Kleintje Zuid

Dear parents / carers,

The past few weeks have been dominated by animals, large animals and small animals. We got to know many different animals and their characteristics and practiced taking care of toy pets.

November and December are real holiday months. Our theme is completely in line with that.

The next theme is:

"We celebrate!"

In the coming period we will pay attention to the parties that are celebrated during the dark days before the turn of the year.

We talk about what it takes to celebrate. We decorate the group and learn a lot of festive songs. We will also make lights for the different lights parties and learn about light and dark.

Of course we will also do a lot of crafts for the **Sinterklaas** and **Christmas** party, which we will also celebrate together with the children this year!

Sinterklaas will visit the primary school on Friday December 3rd and of course we will have a look.

We are also very curious which parties are celebrated at home and it is nice if the children bring something that your family should not miss during a party.

We're going to make it a party!

Kind regards,

On behalf of the team of the Museumkwartier,

Sascha, Sihem, Chaimae and Melanie.

* The pre-school is closed between December 25 and January 9 when it is vacation.

Our next Newsletter will follow on Friday, December 17, 2021
